

Interstate Medical Licensure Compact

February 20, 2020

For Immediate Release – 2020 Legislative Session Interstate Medical Licensure Compact Commission (ILMCC) progress.

The following states have active legislation to join the IMLCC, in alphabetical order:

- Florida – SB 926 and HB 1143
- Missouri – HB 2256
- New Jersey – NJ a5406
- New York – S7732
- Rhode Island – HB7171
- South Carolina – HB3101

The IMLCC has reached out to the medical and osteopathic boards in these states to provide an opportunity to discuss the compact and how it will benefit their state. Questions regarding the pending legislation should be directed to the legislative body considering the bill, as the IMLCC does not lobby and maintains a neutral position on pending legislation matters.

Please contact Marschall Smith, Executive Director, at imlccexecutivedirector@imlcc.net with questions about the IMLCC or visit the IMLCC webpage at imlcc.org
