V. *DISCUSSION/UPDATES/ACTION 2017 LEGISLATION regarding any bills as may require the Board's review, discussion, or potential position, (Discussion/For Possible Action), Ronald Hedger, D.O., President*

Susan Fisher, Board lobbyist, summarized a couple of bills of interest. Ms. Fisher stated that she was attempting to get the amendment to the state's interstate license compact statute added to the Assembly bill AB339, to ensure that language complies with FBI's requirements that the results of background checks cannot be shared with other compact member states. We were told by the Board of Medical Examiners (BME)--who wrote the amendment for AB339--that the amendment language would include the Board of Osteopathic Medicine (BOM) to ensure we met the requirements of the FBI; however, the language for the BOM was not included. We were not notified of this until the bill passed out of the Assembly. However, we are now working with the Governor's staff and the leader of the Legislative Counsel Bureau to include the BOM language to tag on to SB69, since it was "germane" to the language of that bill. The ultimate goal is to ensure that both the BOM and BME have unified language regarding background check policies.

Dr. Hedger asked about the status of SB210, regarding Anesthesiologists Assistants. Ms. Fisher stated that Dr. DiMuro expressed to her that he was disappointed that the BOM was opposed to the bill. He added that the Governor supports the bill. Dr. DiMuro wanted Ms.

Fisher to inform the Board that it is not in their best interest to oppose the bill, since it may impact the practices for anesthesiologists in this State. He added that the Board may regret the opposition in several years.

VI. DISCUSSION/ACTION REGARDING PROPOSAL FOR INDEPENDENT CONTRACT FOR LEGAL SERVICES FOR LOUIS LING (Discussion/For Possible Action), Ronald Hedger, D.O., President

Louis Ling, Board counsel, stated that AB328 would likely pass. The bill requires Board attorneys be full-time employees, or as independent contractors. Mr. Ling introduced a proposal for an independent contract. Mr. Ling requested the Board to approve to the independent contract. If the bill does not pass, the contract would be voided and Mr. Ling would continue as a part-time employee. It was important for the contract proposal needed to be addressed at this meeting to avoid a gap of attorney representation for the Board, since the effective date of the bill would be July 1. The two-year contract totals \$48,000, and does not need to be approved by the State Board of Examiners. Ms. Fisher added that AB328 has been referred to Assembly Ways and Means Committee; and, has not yet left Assembly. The bill originally had a fiscal note required, but has been updated to read zero. Ms. Fisher said she will meet with the Chairman of the Assembly Ways and Means Committee on May 10 to inquire the status of the bill. Dr. Hedger asked if the Board needed to obtain additional proposals to comply with a multi-bid process. Mr. Ling stated that certain professional services' contracts do not require the Boards to get multiple contract bids. Dr. Hedger motioned to approve the proposal from Louis Ling; seconded by Dr. Almaguer, and approved by the Board.

VII. PRESENTATION BY JAMES M. WILSON, V., M.D., FAAP, ON ANTIMICROBIAL STEWARDSHIP IN NEVADA (Discussion) Ronald Hedger, D.O., President
