VI. +CONSIDERATION OF APPLICATION FOR FULL LICENSURE FOR OSTEOPATHIC PHYSICIAN DAVID LAND, D.O.,*(Decision tabled from May 8 Board meeting)(Personal Appearance Not Required), (Discussion/For Possible Action) NOTE: The Board may go into closed session pursuant to NRS 241.030 to move to a closed session because the discussion may involve this applicant's character, alleged misconduct, professional competence, or similar items. Ronald Hedger, D.O., President*

Dr. Hedger recused himself from voting as he has had previous contact with Dr. Land regarding employment at Touro University. He asked Mr. Ling to iterate Dr. Land's disciplinary action in Texas, and explained the situation for Dr. Land's options for his possible licensure, since the item was tabled from the May 2018 Board Meeting. Dr. Land indicated in the previous and current meetings that he consents to having a license with conditions. Mr. Ling noted the Board statute allowing conditions on licenses. The conditions are not reportable to the National Practitioner Data Bank. Dr. Land brought his attorney, Kathleen Janssen, Esq., who submitted a letter to the Board outlining the conditions Dr. Land would like the Board to consider. These include Dr. Land not having hospital privileges; and, would primarily work in an academic and clinical setting with students.

Dr. Almaguer made a motion to deny the license. There was no second to the motion, so it failed. Mr. Nigam made a motion to grant the license subject to the conditions as defined in the letter, along with clinical monitoring for two years. There was no second to the motion. After discussion, Mr. Nigam made a motion to grant Dr. Land a restricted license subject to only an academic setting, with the conditions listed in his letter, including providing the name of a currently licensed OB/GYN physician that would be willing to accept any of Dr. Land's patients to carry through the later term of the pregnancy through to delivery. Plus, practice monitoring for two years; it was seconded by Dr. Mausling. After further discussion, the Board believed the conditions were becoming complicated. The motion, therefore, was withdrawn by Mr. Nigam. After further discussion, Mr. Nigam made a motion to grant a license limited to academia only. Dr. Land may not conduct clinical or surgical procedures or obtain hospital privileges. The license conditions may be changed by the Board in the future. The motion was seconded by Dr. Mausling, and approved by the Board, with Dr. Almaguer opposed. Should Dr. Land wish to revise the conditions placed on his license, he must request such changes and obtain approval by the Board.

VII. CONDUCT ANNUAL REVIEW FOR EXECUTIVE DIRECTOR, INCLUDING POTENTIAL ADJUSTMENT TO SALARY,*(Tabled from May 8 Board Meeting) Discussion/For Possible Action) Ronald Hedger, D.O., President*

Dr. Mausling received the results of the evaluations from the Board members and compiled the scoring. He provided several evaluation comments provided anonymously by Board members. A motion was made by Mr. Nigam to grant Ms. Reed the annual merit increase based on the average score of the submitted evaluations; seconded by Dr. Hedger, there was some discussion and approved by the Board.

VIII. CONSIDERATION OF ANNUAL BUDGET AND RESERVE POLICY,*(Discussion/For Possible Action) Ronald Hedger, D.O., President*

Ms. Reed explained the proposed Reserve Policy and Annual Budget for FY 2018-2019. A motion was made by Dr. Hedger to approve the Reserve Policy and Annual Budget; and, seconded by Mr. Nigam. The motion was approved by the Board.
