

Nevada State Board of Osteopathic Medicine Application for Osteopathic Physician

Dear Applicant:

Thank you for considering obtaining an Osteopathic Physician License in the State of Nevada. Nevada remains among the fastest growing states in the country. With such population growth, the need for physicians is increasing.

The Board of Osteopathic Medicine's primary mission is to protect the public by licensing osteopathic physicians and physician assistants who demonstrate clinical competence to practice medicine as well as the professional and ethical demeanor necessary to lead the modern health care team. With this in mind, we have developed application procedures, which are very thorough so that the board can maintain confidence that the licensees will benefit the community in which they practice.

Balancing the states dramatic need for physicians with the public mandate of quality and professional excellence; the increased desire from the profession for license portability; the board has worked tirelessly to modernize the application process. The application you will be completing, although somewhat lengthy in appearance, is as concise as legally permissible.

Nevada upholds some of the highest medical licensing standards in the United States to help maintain the public's trust in the osteopathic medical profession. Additionally, the board has updated the requirements to obtain information considered important in the licensing process, please see below:

Federation Credentials Verification Service (FCVS) or Primary Source Documents to the NV State Board of Osteopathic Medicine. FCVS is no longer required for osteopathic physician licensure. **New updated regulations** allow the licensee to have primary source verifications sent directly to this Board and forego the FCVS process. The licensee can have primary source verification of a medical provider's core medical credentials sent directly to this Board. We will require original college transcripts, COMLEX test scores, USMLE test scores (if applicable), confirmation of residency program(s), notarized copy of your passport, or a certified copy of your birth certificate.

FCVS credentialing process may be utilized and initiated as soon as possible by contacting them at www.fsmb.org/fcvs or call 817-868-4000. The gathering and verifying of core credentials takes the longest amount of time during the application process, therefore we encourage that it be initiated immediately.

Please read **NRS Chapter 633.399** and **NRS Chapter 633.400** before starting the FCVS process to see if you qualify for license by endorsement.

Fingerprinting for NCIC – National Criminal Information Center (FBI). Pursuant to NRS 633.309, all applicants of licensure (except a special license) must submit to the board a complete set of fingerprints for a criminal background check. Although a criminal record or history may not be absolute grounds for denial of licensure, these and all issues will be seriously considered and **MUST** be disclosed on your application before this report is received in our office.

Per AB275: An Applicant for a license who does not have a social security number must provide an alternative personally identifying number, including, without limitation, his or her individual taxpayer identification number, when completing an application for a license.

After we have received your completed application with the fee, the FCVS report or primary source documents, the criminal background check report, and all other required forms, the packet for licensure will be reviewed by our Executive Director and pre-approved to be sent to our Board Members for their review. If the packet is accepted you will receive an email letting you know that you have been scheduled for consideration at the next board meeting.

If you are a resident who is enrolled in a postgraduate training program in this State, has completed 24 months of the program and has committed, in writing, that you will complete the program, a proof of satisfactory completion of the postgraduate training program **must** be sent to us within 120 days after the scheduled completion of the program.

An interview may be required if the Executive Director and President of the Board deem it necessary to explore your packet more thoroughly if certain information was learned during the application process. All applicants required to attend an interview with the Board are notified at least 21 working days prior to the meeting date.

Again, thank you for considering licensure! If you have any questions, regarding the application process, please do not hesitate to contact the Board office and speak with the licensing specialist.

Sincerely,

The Executive Director and Licensing Staff of
