Charlene De Marco, D.O.

Dear Dr. De Marco:

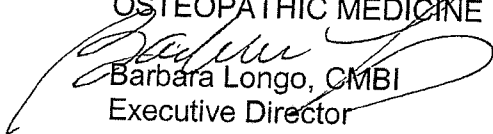

This letter shall confirm that at the regular meeting of the Nevada State Board of Osteopathic Medicine September 11, 2012 the Board denied your application for licensure. You appeared at the meeting and orally provided information in support of your application. The Board also reviewed materials related to your conviction in New Jersey, your revocation of your license in New Jersey, your surrender of your license in New York, and written documents and statements provided by you in support of your application.

Based upon your presentation at the Board's meeting and the review of all of the materials in your application with the Board, the Board determined to deny your license application based upon concerns with your criminal conviction, your failure to resolve your licensure issues first through New Jersey, and your absence from the active practice of medicine for a period exceeding five years.

If you have any questions or need any additional information, please contact me.

Sincerely,

NEVADA STATE BOARD OF  
OSTEOPATHIC MEDICINE
